October 3, 2010 – 2010 Making Strides Against Breast Cancer – Buffalo, NY - Since 1933, the engineers, land surveyors and planners of **NUSSBAUMER & CLARKE, INC.** have used their talents to shape roads, build neighborhoods, clean the water and carve out parklands and recreational areas. Being a good corporate citizen is a crucial element of our corporate success, but what matters more to us than our contributions to the area's infrastructure is our commitment to its people. Therefore, it is with great pleasure that we join this year's Making Stride against Breast Cancer. We are proud to be a good corporate citizen, but honored to be a great **Nussbaumer Neighbor**.
